

Sample Application Questions

Q1: Tell us about your organization. What is your mission? What are you trying to accomplish overall? (This is likely more than can be achieved with a single grant).
[150 words]

Q2: Briefly describe the goal(s) you are working toward using this grant funding. How will you work toward these goals? (Please restate the goal listed in the funding opportunity.)
[500 words]

Q3: What does success look like as you work toward this goal? How will you measure progress?
[200 words]

Q4: What challenges do you anticipate facing while working toward your goal? How will you address these problems? Challenges could include laws, policies, political environment, difficulty hiring in rural areas, or similar barriers.
[250 words]

Q5: To support lasting equitable outcomes, we are working to change the systems that marginalize Black, Latine, and Native American residents; and people with low incomes today. Historically and currently, the voices of impacted communities are excluded from creating solutions to the problems being faced. How will your work address disparities in outcomes and decision making?
[250 words]
